# LETTER OF RECOMMENDATION

**October, 2026**

I am pleased to write this letter of recommendation for Chandra Paul Molathoti, who has worked under my responsability at Predisurge as AI & Digital Marketing Specialist for 2 years. Throughout our collaboration, Chandra has shown a rare combination of analytical rigor, strategic thinking and hands-on execution, and I have been extremely satisfied with the quality of his work.

Chandra started by carrying out a detailed analysis of our entire digital presence: our website, our social networks and our inbound marketing. This audit was thorough and well structured, and it allowed us to identify precisely where we were losing performance, visibility and leads. It became the foundation of everything that followed.

What sets Chandra apart is that he did not stop at the diagnosis. He built a detailed plan and then executed it, improving each point one by one.

He led the redesign of our website, after which total website traffic grew from +186%, and organic search traffic grew almost 94% year over year.

He also defined and rolled out an organic social media strategy that reached 96,835 people and gained 1,582 followers in 16 months.

He led the several-month selection and purchasing process for our CRM, then set up our HubSpot CRM, including the automation workflows needed to deliver a personalized customer journey. He also ran a large-scale sponsored social campaign across three channels, generating several dozens of leads per week while keeping both the cost per click and the cost per acquisition under control.

PrediSurge

Chandra has a strong sense of analysis and a prudent, methodical approach. Before committing to a new direction, he seeks advice within a trusted network of experts platform, compares options and validates his assumptions.

On a personal level, Chandra is reliable, autonomous and pleasant to work with. He communicates clearly with colleagues across marketing, product, sales and clinical teams, and he coordinates external partners effectively. He is always ready to learn, to question the status quo and to take on new responsibilities.

This habit of looking before leaping reduces risk, saves time and budget, and leads to better decisions. At the same time, once a direction is chosen, he moves forward with determination and delivers.

In summary, Chandra is a talented, driven and highly dependable digital marketing professional who delivers measurable results. I have no doubt that he will be a great asset to any organization he joins, and I recommend him without reservation for Digital Marketing, Marketing Automation, CRM and Growth roles.

Please do not hesitate to contact me should you need any further information.

Sincerely

**Raphael Doustaly**
